Christian Education

We believe in giving children from the very young age a solid Christian foundation. Our daily programmes encompass prayer, teaching and songs – all aimed at building the capacity for the Christian faith.

We teach from the biblical worldview – not from a particular denomination.

Meet the Man behind the Vision

Mr LB Mthembu (MBA) has vast experience in the South African education, having worked for 18 years in public schools and served for 8 years as Headmaster of a multi-racial independent Christian school.

He has worked with children of all ages – from grade RRR to 12. He is known for bringing the best out of learners and producing quality results that made his former school No 1 in the district for years. He has a very tender heart for children.

In 2018, he started a boarding house in the same premises as the school. It has been running

successfully for 4 years, giving accomodation to more than 50 learners over the years. The boarding facility is still available for parents who may be in need of it.

School facilities

Our school occupies a double-storey house in a quiet suburb of Riverview (see photos).

It has 2 classrooms, reception, kitchen and there is a big, open space for outside play as well as a jungle gym and swing.

Boarding is also offered at our boarding house for learners from far away places, at a cost of R2500 pm, including meals.
